## Soap Caution

It is needless, perhaps, to caution people against using impure toilet and bath soaps. No one uses harmful soaps willingly, but many use them unwittingly.

You are most apt to get right soaps at a reliable drug store—for instance, you never in your life saw a bit of genuine Castile soap sold anywhere but at drug stores.

We are something of cranks in this matter of purity and guarantee the quality of every soap we sell. Close prices you are also sure of.

### Wolf Springs Convention.

At Wolf Springs, a picturesque council-ground, about ten miles north of old Tishomingo, will be held today, probably the last nominating convention of the Chickasaws.

The coming gubernatorial election will be the last before the final suspension of the tribal government—one more governor, one more set of senators and one more body of representatives, and the tribal government of the Chickasaws will pass into history. This, of course, together with the winding up of the estate, is more than an ordinary stimulant to the aspirants of the nation to be the last governor.

The convention at Wolf Springs is that of the self-styled Progressive party, and the candidates under consideration are Dick McElish and Peter Maytubby with a strong inclination in favor of the former.

The nomination of a candidate will, it is thought, almost decide who will be governor, as the Progressive party is thought to be the strongest organization in the country.

The event of the convention was the banquet last night at the Morgan hotel, tendered to the visitors by the local doctors and citizens. Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." Sold by F. J. Ramsey, Ardmore Drug Co. and W. B. Frame.
